LETTER OF ENDORSEMENT: EMPOWERING EATS

I am writing this letter as the Principal of Pelican Park High School to formally endorse and express our profound gratitude to **Empowering Eats** for their exceptional service and unwavering dedication as a trusted community partner to our institution.

Over the years, Empowering Eats has become an integral pillar of support for our school community. Their practical contributions have consistently addressed the immediate physical needs of our learners through the provision of daily soup for our school cafeteria, ensuring our students receive essential nourishment to focus on their education.

Beyond daily sustenance, Empowering Eats has stepped forward to enrich, sponsor, and actively assist with numerous key initiatives throughout our academic calendar, including:

- **Gentlemen's Day for Matrics:** Mentoring and celebrating our Grade 12 young men as they prepare to transition into adulthood.
- **Senior Appreciation Day:** Honouring the dedication of our senior learners and staff members.
- **Mandela Day Drives:** Mobilizing resources and community spirit to foster social responsibility.

What truly distinguishes Empowering Eats, however, is their holistic commitment to youth development. Their work extends far beyond food relief. They actively engage with our learners—particularly troubled youth seeking guidance—helping them discover personal direction and live with purpose. Through motivational talks, sports engagement, and involving youth directly in daily feeding programs, Empowering Eats instills discipline, leadership, and a sense of pride in our students.

Empowering Eats exemplifies community uplifting at its finest. Their team operates with integrity, reliability, and genuine compassion. Pelican Park High School wholeheartedly endorses Empowering Eats for any partnerships, funding opportunities, or collaborative ventures they may pursue.

Should you require any further information regarding their contributions to our school, please do not hesitate to contact my office directly.

Yours in Education,

Sharief Clark
Principal
Pelican Park High School
